Some fish are rainbow trout.

Every rose has its thorn.

A square circle does not exist.

There is nothing new under the sun.

Banana slugs are mollusks.
Logic exams are difficult, and logic instructors are unsympathetic.

A few students will master predicate logic.

Only an omniscient being knows the future.

It is not the case that all beliefs are true.

Not one excuse is valid.

Only lottery winners and inheritance

recipients can afford a house in Santa Cruz.

Fuji and Kodak make film.

Great books strengthen the mind and feed the soul.

Swimming is fun unless you are drowning.

If Zach teaches logic, then some ham radio operators teach logic.

If some ham radio operators teach logic, then some students are in good hands.

If God does not exist, then everything is permitted.

If all dogs go to heaven, then Spot will go to heaven.

Some students will pass the course if and only if some students practice logic.
